Errata and Notes for
The Energy of Data and Distance Correlation

Gábor J. Székely and Maria L. Rizzo

May 15, 2023

1 Corrections

- p. 385: In second paragraph line 2: Theorem ~~22.1~~ 22.3.

- p. 385: In third paragraph line 3: metric space~~s~~.

- p. 395: Missing citation; Móri and Székely (2020).

- p. 395 line 7 from below: $wCov$ should be $eCov$.

- p. 396 line 4: $w(\lambda, \mu) = \inf \cancel{E}\overset{Ed}{\big[(X,Y),(X',Y')\big]}$.

- p. 396: At end of Section 23.1, $wCov$ should be $eCov$.

- p. 397 line 3: In Remark 23.1 the highlighted formula starts with $eVar(Y)$, not $Var(Y)$.

- p. 397: In Remark 23.1 "at lest" should be "at least".

- p. 405 (i) lines 6-7: These triangles are the regular and the "flat" triangles when $a = \pi$ and $b = c = 0$.

- p. 405 (i) lines 8-9: $M = M(n) = 4(n-2)\pi/n$.

- p. 447: Index entry for similarity: insert page no. 385. (It is p. 385 where we define similarity in general metric spaces).
